**Webinar occurred on March 10, 2020; 12:30 - 2:00 pm ET**

In honor of National Women and Girls HIV/AIDS Awareness Day (#NWGHAAD), we presented ***The Well Project Unplugged: Let's Talk About Women and HIV***, the first in our 2020 WATCH! webinar series.

This webinar touched on a number of important issues among women living with HIV, including stigma and self-stigma, balancing concurrent health conditions, accessing mental health services, self-care, and U=U. The Well Project's executive director Krista Martel presented select results from our survey, "[Together We Are...Making an Impact](#)" and moderated a discussion with several of our incredible community advisory board members.
